603, Sai Sarovar Apt, Near CHM College, Station Road, Ulhasnagar - 421003

PROFILE SUMMARY

Detail-oriented and analytical B.Sc. Computer Science student with hands-on experience in full-stack web development using the MERN stack. Demonstrated ability to design responsive applications and integrate RESTful APIs through academic projects. Proficient in Java and Python, with a strong foundation in problem-solving and data-driven thinking. Seeking an entry-level opportunity to contribute to business-focused technology solutions in a dynamic and growth-oriented organization.

EDUCATIONAL QUALIFICATION

Bachelor of Science (B.Sc.) in Computer Science

Smt. Chandibai Himathmal Mansukhani College, Mumbai

2023 – 2026

CGPA: 8.00 (Semester 5)

Higher Secondary Certificate (Science)

Smt. Chandibai Himathmal Mansukhani College, Mumbai

2021 – 2022

Percentage: 53%

Secondary School Certificate

Fr. Agnel Multipurpose School and Junior College

2021

Percentage: 85%

ACADEMIC PROJECTS

Illustration Café — Real-time Collaborative Whiteboard

- Built a real-time collaborative whiteboard enabling multiple users to draw and interact simultaneously
- Implemented live chat and drawing synchronization using Socket.IO
- Developed full-stack application using Next.js, Express.js, and TypeScript
- Designed room-based collaboration with unique shareable session IDs
- Optimized mobile drawing experience by handling touch events and preventing scrolling
- Deployed the application on Railway with production-ready configuration

CartiQue — Modern E-Commerce Web Application

- Developed a modern e-commerce web application using Next.js, TypeScript, and Tailwind CSS
- Designed a premium UI/UX with glassmorphism, dark theme, and smooth animations using Framer Motion
- Implemented dynamic product listing and routing with reusable components
- Built interactive pages (Home, About, Contact) with cinematic video backgrounds and transitions
- Integrated form validation and user feedback using toast notifications
- Optimized performance and responsiveness across devices
- Focused on design-first approach with micro-interactions to enhance user experience

TECHNICAL SKILL

Programming Languages: C, Python, Java

Web Technologies: React.js, Next.js, Node.js, Express.js

Databases: MySQL, MongoDB, SQL

Other Skills: REST APIs, Basic Cloud Concepts, Web3

Tools & Concepts: Version Control (Git), API Development, Full Stack Development

CERTIFICATIONS

KEY STRENGTHS

- Strong analytical, problem-solving skills and communication skills
- Ability to learn and adapt quickly to new technologies
- Good understanding of software development lifecycle
